## Policy

1. Darwin Institute of Technology is committed to protecting staff and students in the event of a critical incident and will take appropriate actions to maximise the safety of all staff and students and any other persons involved in the critical incident.
2. Darwin Institute of Technology ensures that as far as possible risk reduction measures are in place to reduce the likelihood of a critical incident. This is specified in Darwin Institute of Technology Health and Safety Policy and Procedure.
3. A designated officer and/or critical incident team will manage critical incidents.
4. All staff will receive induction into their role which will include information about health and safety, as well as critical incidents. Training and updates to information will be provided to staff on a regular basis.
5. Students will receive information about health and safety, including critical incidents, in the Student Handbook, as well during their orientation. This will include information on safety and awareness relevant to life in Australia and how to seek assistance for and report an incident that significantly impacts on their well-being, including critical incidents. Updates to information will be provided to students as required.
6. Darwin Institute of Technology will ensure that appropriate post-incident support is provided as required.
7. Darwin Institute of Technology response to critical incidents will always be evaluated and improvements identified and implemented as required.
